 Style 601 (4x5)	22872		23247	

* Signifies a Black overlay style incorporated in mixed pack code 22857

In addition to the apertures we offer as standard designs, we can produce bespoke aperture layouts cut to your specified design. These can be ordered, subject to suitable drawings clearly showing the position, shape and size of all apertures to be cut. Please ask your product specialist for details and prices. Please note apertures are cut 1/2" under the corresponding print size e.g. an aperture for a 7"x5" print is cut as 6 1/2" x 4 1/2".

For prices please refer to the main Spicer Hallfield Price List.
